

National Tube Supply Company

September 2020

Our thanks go out to our employees as we, together, navigate through these uncertain times. We continue to take steps to ensure the health, safety and well-being of our employees as they remain our most valued assets. When possible, employees continue to work remotely to minimize foot traffic at our facilities. In addition, all personnel within our facilities continue to follow prescribed virus mitigation procedures as we continue to follow the guidance provided by the Centers for Disease Control and Prevention (CDC) as well as State and local public health authorities.

Our global supply and partner relationships are secure, and we remain committed to deliver exceptional value to our customers and business partners. Our entire organization remains fully committed to being flexible and transparent as we continue to support our valued stakeholders during these unsettled times.

Warm regards for your continued safety as well as the safety of your families, friends and coworkers.

Gary Throw Jr.
Vice President of Sales & Purchasing
National Tube Supply Co.
